Dear Mr. Kahle:

Enclosed are the manuscript and 2 sets of page proofs of your article to appear in Organizational Computing, Vol. 6, No. 1, 1996.

Please proofread carefully, marking all corrections neatly in the margins of the "Master" proofs. Do not mark the manuscript. Lengthy changes should be typed on a separate sheet of paper and attached to the affected proof page. Queries are on colored flags attached to the appropriate manuscript page. Answer all queries and supply all missing information or material.

Return the manuscript and "Master" set of proofs to me within a few days after receipt. Keep the "Duplicate" copy for your records. If you have any problems with responding so immediately, please phone or fax us.

If we do not receive the corrected page proofs promptly, or do not hear from you, production of the issue will nevertheless proceed according to schedule.

Attached are explanations of Ablex's author alteration policy, correcting proofs, proofreader's marks, and Reprint Order Form.

Reprints of journal articles can only be ordered before the journal issues are published and order forms should be returned with corrected page proofs. Authors will receive one (1) complimentary copy of the journal issue as complimentary reprints are unavailable.

Upon publication of journal articles with multiple authors, the corresponding author will receive the complimentary copies to be distributed to all contributing authors.

Please feel free to phone me with any questions or problems.

Thank you.

Sincerely,

Christine Garzione
